## RAILWAY BOARD STARTS EQUALIZATION

## Powers to Co-operate in Creating New Order in China

PREMIER KING  
ISON ON VACATION  
FOR TEN DAYS  
CONSTRUCTIVE RESULTS ARE  
HOPED FOR AS RESULT OF  
EARLY PEKING CONFERENCE.

Majority of Members of  
Ministry Out of Ottawa;  
Lull in Activities

But Rumors as to Cabinet Re-  
organization and Senate  
Numerous

Ottawa, July 9.—There are now  
nine vacancies in the Senate, Hon. L.  
G. De Veber of Alberta having died  
to-day.

So unusually large a number of  
Senate seats unfilled, particularly on  
the eve of a probable Cabinet reor-  
ganization is giving rise to wide-  
spread rumors. Candidates or pos-  
sible candidates for Senate vacancies,  
have been mentioned almost by the  
dozen. The death of Senator De  
Veber suggests the possibility, ac-  
cording to one rumor, that Hon.  
Frank Oliver may be appointed for  
one of the Alberta seats, and his  
place on the Railway Commission  
filled by Mr. Justice Turgeon of Sas-  
katchewan.

## MINISTERS ON VACATION

But while the air is thick with rum-  
ors of an election and cabinet reor-  
ganization there is an actual lull in  
Cabinet activities. Premier King is  
taking ten days' rest, and most of the  
other members of the Government are  
out of the city, either resting or sur-  
veying the situation.

Till they return and Cabinet meet-  
ings are resumed no appointment can  
be made, nor will a decision be re-  
ached as to dissolution of Parlia-  
ment.

Chances favor a general election in  
the fall.

TWO FIRES SEEN IN  
PORTAGE LA PRAIRIE

Industrial Section of Mani-  
toba Town Was Threatened  
With Destruction To-day

Flour Mill Destroyed While  
Strong Wind Blew; Foundry  
Was Damaged

Portage la Prairie, July 9.—The  
industrial section of Portage la  
Prairie was threatened with destruc-  
tion early to-day when two large  
buildings within a space of a few  
hours were destroyed by fire.

Shortly after midnight fire was re-  
ported in the Metcalf Milling Com-  
pany's building and in two hours it  
was a smoldering ruin. The mill and  
machinery were valued at \$146,000.  
It had not been in operation for sev-  
eral months. A high wind made the  
work of the firemen difficult, carry-  
ing embers to nearby buildings and  
for a time threatening the Water-  
loo Manufacturing Company's plant.

Shortly after this fire had been  
brought under control, an alarm was  
sounded from the Western Prairie  
Foundry plant. After a stubborn  
fight the fire was confined to the  
foundry, which had been closed down  
for some time. No estimate of the  
loss is available.

COURT RULING ON  
ABDUCTION CHARGE

Following Wong Evidence,  
Point Grey Magistrate To-  
day Will State Decision

Vancouver, July 9.—To-day will  
see the conclusion of the prelimi-  
nary inquiry into the Wong Poon  
Sing abduction charge laid against  
H. O. Macdonald and H. P. Mc-  
Cracken, Point Grey police commis-  
sioners. Chief John Murdoch and  
Sergeant Percy Rickham of the  
Point Grey force; J. S. Cowper, edi-  
tor of the Vancouver Tribune; Da-  
vid Paterson and Mrs. F. H. Strat-  
ton of the Scottish Societies, and  
O. B. V. and William Robinson of the  
Canadian Detective Agency, a private  
concern.

No more evidence is expected to-  
day, but several of the numerous  
complaints engaged have indicated they  
wish to argue for the discharge of  
their respective clients. Magistrate  
G. R. McQueen indicated at the last  
adjournment that he wished to study  
the evidence so as to be prepared to  
decide to-day which of the accused  
should be committed for trial.

The hearing will open at 2:30 p.m.

London, July 9.—The British Government is in constant touch  
with Washington and Tokio regarding the Chinese situation and  
the opinion is expressed in official circles here the way will be  
cleared soon for a conference of the powers for adjustment of  
the Chinese customs.

This in turn will offer an opportunity for the powers to co-  
operate with China in setting her house in order, officials here  
believe. This opinion is based upon the recent ratification by  
the French Chamber of Deputies of the treaties affecting China  
formulated by the Washington

TROOPS IN CANTON  
REPORTED ACTIVE

Canton, July 9.—Increased mili-  
tary activity in Canton is adding  
to the tension already felt by for-  
eign residents in their concession.  
Shameen. One Chinese general is  
reported to have boasted he was  
able to capture Shameen in spite  
of the fortifications which had  
made the lowering of the island  
separated from Canton proper by  
a narrow strip of water a military  
camp.

SAYS CONSTITUTION  
SHOULD BE CHANGED

W. J. Bryan Quoted as Stating  
U. S. Should Bar Teaching of  
Evolution

Dayton, July 9.—The statement of  
defense counsel that the inference to  
be drawn from an address by W. J.  
Bryan was that he would move for  
a constitutional amendment and an  
announcement that Bainbridge Colby,  
defense counsel, would be unable to  
present at the Supreme trial were  
topics of interest to-day as Dayton  
made final preparations for what has  
been termed a battle between fundam-  
entalism and evolution.

Dr. John R. Neat, chief defense  
counsel, declared Mr. Bryan had fore-  
cast he would move from the lower  
court to the Supreme Court of Ten-  
nessee and then to the Supreme Court  
of the United States, and "having  
lost his fight on account of the exist-  
ing constitutional guarantees of re-  
ligious and educational liberties, he  
would immediately wipe out these  
constitutional immunities by a con-  
stitutional amendment."

Attorneys, witnesses, newspaper-  
men and visitors to the trial were  
incoming train and bus were greeted  
by the monotonous clanging of ham-  
mers as carpenters applied the finish-  
ing touches to the concession  
stands springing up in alleyways and  
along the sidewalks.

No indication has yet come of the  
possible lineup of attorneys for the  
defense and the prosecution in the  
courtroom. Attorneys said this fea-  
ture would not be known until after  
conference to-day.

## PRODUCTION SLUMPED

Seattle, July 9.—Lumber sales  
greatly exceeded production in Wash-  
ington last week, when many mills  
shut down a few days before the  
Fourth of July.

In view of the fact that the West  
Coast lumbermen's association, "as-  
sured to-day, showed. The review  
was based on reports from 112 mills,  
which cut during the week 73,966,348  
feet of lumber, sold 101,322,375 and  
shipped 98,025,589 feet.

## TO EXPORT OIL

Bucharest, July 9.—The Cabinet  
has finally agreed to permit Ruman-  
ian refineries to export fuel oil, the  
export tax being provisionally fixed  
at the equivalent of \$5 a metric ton.  
Stocks of fuel oil on hand at present  
amount to 250,000 metric tons, having  
increased nearly 200,000 tons during the  
last year.

TARIFF MEN  
VISIT SEATTLE

Washington, July 9.—Three mem-  
bers of the United States Tariff Com-  
mission will leave Washington July  
23 for Seattle, to conduct hearings on  
proposed revisions in the duty on  
logs and on halibut, both of which  
are shipped into the United States  
from Northwest Canada.

In making the trip the commis-  
sioners will put into effect for the first  
time a policy that has been favored  
by the commission for some time,  
that of going into the territory af-  
fected to make its investigation.

The Seattle hearings on cost of pro-  
duction of logs will begin August 4  
and those on halibut August 10.

FUR SEAL CATCH OF  
WEST COAST LARGEST  
FOR TWENTY YEARS

The arrival for James Sloman,  
Tofino trader, to-day on the Ma-  
quinn of 400 fur seal pelts rep-  
resenting the last of the West  
Coast catch brings the total for  
the season up to 4,000. This is  
the greatest catch made by the  
West Coast Indians in the last  
twenty years. Last year the to-  
tal was only 1,500 and the year  
before 2,500. The pelts will be  
rushed to London in time to catch  
the October sales which are at-  
tended by buyers from all over  
the world. The catch from the  
Vancouver Island waters com-  
prises the main source of supply  
for the seal skin coats worn by  
ladies throughout the world.

SENATOR DEVEBER  
DIED IN AYLMER, QUE.

Was One of Alberta's Repre-  
sentatives in Upper House;  
Seventy-six Years Old

Ottawa, July 9.—Senator L. D. De  
Veber of Lethbridge died at his  
summer home in Aylmer, Quebec,  
this morning. He had been ill for  
months.

Born in St. John, N.B., in 1849, he  
was educated at the Collegiate School  
and King's College, Windsor, Bar-  
tholomew's Hospital, London, England,  
and the University of Pennsylvania,  
graduating as medical doctor. Upon  
the creation of the province of  
Alberta September 1, 1905, he entered  
the service of the province as a  
minister without portfolio. He  
resigned his appointment when ap-  
pointed to the Senate.

Mr. De Veber was a Senator from  
Alberta and made his home in Leth-  
bridge, of which place he was medi-  
cal health officer. In religious be-  
liefs he was an Anglican.

Surviving Senator De Veber is one  
son, Leverett of Ottawa, and one  
married daughter of England.

Funeral arrangements have not yet  
been made.

## NINE VACANCIES

The death of Senator De Veber  
raises the number of vacancies in the  
Senate to nine, as follows: Two in  
Prince Edward Island, one in New  
Brunswick, two in Quebec, two in  
Ontario and two in Alberta. The  
membership of the Senate is ninety-  
six.

## WOULD SOLVE PROBLEMS

"With an aroused, trained and  
united group of 10,000,000 Christian  
young people, the industrial, political,  
social, religious and racial problems  
could be solved, idealism would sup-  
plant the menace of materialism and  
Jesus Christ could be crowned Lord  
of all."

"The Union Jack and the Stars  
and Stripes belong together," Dr.  
Sanborn declared in urging continued  
fellowship of the Baptist Young  
People's Union. "An esprit de corps  
among the Anglo-Saxon peoples is  
the greatest guarantee of political  
equilibrium in the world to-day."

The speaker said he believed out-  
lawing of war and solving of racial  
relations rested with North America.

"I am convinced a referendum on  
this subject in North America would  
give us an overwhelming majority in  
favor of outlawing war," he said.

CHARLES MORRIS  
RETAINS COUNSEL  
FOR MURDER CHARGE

R. L. Maitland Mentioned as  
Counsel For Defense in  
Gillis Case

R. L. Maitland, well-known  
Vancouver barrister, may ap-  
pear as counsel for Charles  
Morris, charged with complicity  
in the murder of Captain W. J.  
Gillis of the gas boat Beryl G.  
if tentative arrangements made  
to that end by Morris are suc-  
cessful.

Morris will be brought from Oak-  
sila to Victoria this evening and will  
face his preliminary inquiry before  
Magistrate Jay in the Provincial  
police court to-morrow morning. On  
account of the difficulty of assembling  
the American witnesses it is likely  
the Crown will oppose any move-  
ment for an adjournment of the pro-  
ceedings, should one be made.

Morris is the last of those held by  
the Crown in connection with the Gil-  
lis affair. Owen Benjamin Baker  
and Harry P. Sowash, alias Myers,  
are under sentence to hang on Sep-  
tember 4 for their part in the crime.  
The evidence to be produced by the  
Crown against Morris will follow  
closely that given against the other  
accused, it is understood. Paul Carl  
Stromkins will be chief witness for  
the Crown at the preliminary hear-  
ing.

MOTHER AND  
HER DAUGHTER  
MURDERED

New York, July 9.—Mrs. Margaret  
Dianco and her six-year-old daugh-  
ter Jennie were found murdered in  
their apartment in an East Thirty-  
fourth Street house to-day. Their  
heads had been crushed in and their  
throats cut.

Motherwell Denies  
He is Retiring

Regina, July 9.—"I'm too young to  
retire yet from active politics, no  
matter how honorable the position  
might be," said Hon. W. B. Mother-  
well this morning when his at-  
tention was drawn to Ottawa dispatches  
forecasting his resignation. He added  
that as a politician he was in the  
hands of his friends, generally speak-  
ing, and that they might do almost  
anything with him. He asserted he  
liked political life too well to end it  
just now.

"This is not the time to desert the  
West," added the Minister of Agri-  
culture.

Volpi New Italian  
Minister of Finance

Rome, July 9.—Count Giuseppe  
Volpi, former Governor of Tripoli,  
to-day was appointed Finance Min-  
ister, succeeding Alberto de Stefani,  
who resigned yesterday. Deputy  
Giuseppe Beluso, a professor in the  
Milan Polytechnic School and a well-  
known engineer, was appointed Min-  
ister of National Defence, succeeding  
Cesare Neva, who also resigned yes-  
terday.

PORCUPINE CAUGHT  
IN STREET OF TOWN

Sault Ste. Marie, Ont., July 9.—  
At times big game animals have  
invaded the thoroughfares of Sault  
Ste. Marie, but two policemen  
were stumped yesterday morning  
when they came across a porcu-  
pine at Queen and Brock Streets,  
the busiest crossing in the busi-  
ness section. They finally landed  
the animal in an improvised crate  
and their "pinch" was on exhibi-  
tion here later in the day.

SPEECH BY MINNESOTA  
GOVERNOR STRONG AID TO  
CANADA-U.S. FRIENDSHIP

Winnipeg, July 9.—Declaring the hope of the world centres in the Anglo-  
Saxon experiment in self-governing, and that the experiment in future  
will be mainly conducted on North American soil, Governor Theo Christlan-  
son of Minnesota delivered a plea for continued Canadian-American  
friendship at a banquet of the Manitoba Club last night.

Referring to the fact that for 110 years there has been no hostile action  
between Canada and the United States, he said:

"Let us pledge that henceforth it shall be more than peace. Let us  
pledge that as in the past boundaries have not separated us, so in the  
future a spirit of fellowship shall indeed unite us."

NEW YORK BOND  
DEBATE TO-NIGHT IS  
TO BE BROADCAST

GOVERNOR AL SMITH

New York, July 9.—Governor  
Smith and former Governor N.  
L. Miller will meet to-night in  
Carnegie Hall to debate the  
Governor's proposal for a  
\$100,000,000 New York State  
bond issue.

Such widespread interest has  
been manifested in the debate  
that last night tickets for all of  
the 3,000 seats in the hall had  
been disposed of.

All other radio programmes  
have been cancelled to give the  
Smith-Miller debate the right of  
way through the air.

SIXTH ATTEMPT  
OF TWO TO BREAK  
FROM JAIL FOILED

Seattle, July 9.—Sheriff Star-  
wich of King County to-day foiled  
T. H. Johnson and William Bag-  
ley, suspected of participating in  
a \$42,000 bank robbery in Nan-  
aimo, B.C., December 12 last, in  
their sixth attempt to break jail  
in the last six months here. The  
pair are being held pending ex-  
tradition proceedings.

The deputies heard sawing early  
this morning and telephoned  
Starwich. The sheriff surprised  
the suspects and found a thin saw  
on one of the men.

"More than a dozen fine saws  
have been seized in the county  
jail," Starwich said. "It is certain  
someone else in the jail, no doubt  
a truster, is aiding the pair."

BIG CONCERN  
IN LIQUIDATION

Chicago, July 9.—Gray Silver, pre-  
sident of the Grain Marketing Cor-  
poration's \$25,000,000 concern, in-  
formally announced to-day the liq-  
uidation of the organization would be  
liquidated at once.

## SOFIA EXECUTIONS

Sofia, July 9.—A courtmartial has  
sentenced two more men to be  
hanged and three to prison, for  
aiding the plotters responsible for  
the Sveti Kral Cathedral bombing in  
April, which resulted in the deaths  
of 160 persons. Six men have been  
executed for the cathedral outrage.

ELKS VISIT HERE ON  
WAY TO PORTLAND

Groups of Delegates Travel-  
ing to Oregon City to Attend  
Convention

Vancouver, July 9.—The advance  
guard of more than 2,000 Elks who  
will pass through Vancouver with-  
in the next four days on their way  
from various parts of the United  
States to the convention at Portland,  
Oregon, left for Victoria and Seattle  
this morning, having arrived here  
last night.

## TRAVEL WESTWARD

Winnipeg, July 9.—Members of the  
Order of Elks from Philadelphia to  
the number of 315 passed through  
Winnipeg on two special Canadian  
National Railway trains last night  
on their way to the Pacific Coast  
to attend the Elks' convention in  
Portland. The travelers made only  
a very brief stop here before con-  
tinuing on to Edmonton, where they  
will spend a few hours before going  
on to Jasper National Park. The  
party includes a band and an or-  
chestra and on arrival in Edmonton  
those musical organizations will  
broadcast a programme from the  
Macedonia Hotel, which will go on  
the air from Radio Station CNRE.

Another party of Elks traveling in  
a special car attached to the Con-  
tinental Limited, passed through Win-  
nipeg last night at 5:15. The mem-  
bers of that group also will make a  
stop at Jasper.

PUBLIC IS ASKED  
TO ASSIST RAIL  
RATE CHANGES

Board, Starting Task Given it by Parliament of Can-  
ada, Invites Public, Civic Authorities, Boards of  
Trade, Industrial Organizations and Firms to Sub-  
mit Statements Setting Forth Instances of Dis-  
crimination and Their Opinions.

Ottawa, July 9.—Definite steps toward revision and equaliza-  
tion of freight rates are being taken by the Railway Commission  
to-day.

The board, in a memorandum, requests the public as well as  
provincial, municipal and civic authorities, boards of trade, in-  
dustrial organizations, firms, companies and individuals, includ-  
ing shippers and carriers, to submit any statement of facts under  
which it is claimed unjust discrimination or undue preference or  
unfair treatment exists in the rates of freight charged upon any  
commodity. All such statements must be filed with the board  
by August 15.

DAVIDSON DENIES  
VENDORS SELLING  
TO BOOTLEGGERS

Police Commission All Wrong  
in Holding Liquor Stores  
Responsible

Beer Bars Reducing Illicit  
Sale, Commissioner Finds  
on Interior Tour

Government liquor vendors  
are not selling liquor to boot-  
leggers here as charged by the  
Victoria Police Commission,  
Hugh Davidson, Liquor Commis-  
sioner, declared emphatically to-  
day. Mr. Davidson was frankly  
surprised when he returned to  
his office this week after a tour  
of the interior to hear of the  
police commissioners' allegation.

When Mayor Pender and his col-  
leagues on the commission met Mr.  
Davidson they will be told that the  
liquor vendors have strict instruc-  
tions not to sell large quantities of  
liquor to anyone whom they suspect  
of bootlegging.

"There is certainly no truth in the  
idea that the vendors' shops are the  
bootleggers' source of supply," Mr.  
Davidson asserted. "If any individ-  
ual attempted to purchase large  
quantities of liquor continually, as  
bootleggers would want to do, the  
vendors would grow suspicious im-  
mediately. Our regulations on that  
point are strict."

FOUR DEATHS WERE  
DUE TO WINDSTORM

Amusement Building in Min-  
neapolis Collapsed on Fifty  
Persons, Killing Two

Crop Damage at Points in  
Minnesota as High as Fifty  
Per Cent

Minneapolis, July 9.—Wind, rain  
and hail took a heavy toll yesterday  
in several districts of Minnesota, in-  
cluding the Twin Cities, Minneapolis and  
St. Paul.

In Minneapolis four persons were  
killed, eighteen were injured and one  
was reported missing in a terrific  
storm which struck the south  
part of the city shortly after 5 p.m.  
and a trail of wreckage representing  
more than \$100,000 property damage  
was left. Streets were flooded, and  
for several hours during the evening  
were blocked by uprooted trees.

THREE KILLED  
BY HEAT WAVE

Pittsburg, Pa., July 9.—George E.  
Carnahan, a mill worker of McKees-  
port, died to-day from heat prostrat-  
ion. Two deaths were attributed to  
the heat yesterday.

PORTABLE PUMPS  
CONQUERING FIRE

Olympia, Wash., July 9.—Oper-  
ating five portable pumps, fire  
crews are fighting a blaze which  
sprang up late yesterday in the  
logging area of the St. Paul and  
Tacoma Lumber Company at a  
point about six miles southeast of  
Electron, Pierce County. It was  
reported to the state forestry of-  
fice this morning by R. H. Bullis,  
district warden, located at Elbe.  
It was believed the fire would be  
controlled.

Local storms of varying intensity,  
from mild showers to heavy rain,  
and terrific bombardments of hail and  
torrential rains, were reported from  
many sections of the state, at least  
fifty per cent crop damage, ac-  
cording to early estimates, being ad-  
ferred in Wright and Meeker counties  
from the wind, hail and near torna-  
does which swept that section.

## Earl Haig To-day Visitor in Calgary

Calgary, July 9.—Field Marshal Earl Haig and his party were greeted by cheering throngs of ex-service men and others at 10 o'clock this morning. Soon after the arrival of his train the Earl was whisked away to Sarcee Camp as a luncheon guest of the officers of Lord Strathcona's Horse, the regiment affiliated with Earl Haig's old unit, the Seventeenth Lancers. Later he paid a flying visit to a Kiwanis Club luncheon. Countess Haig and the other women of the party were entertained at a luncheon by the L.O.E. and Women's Canadian Club.

## PREDICTS BUMPER GRAIN HARVEST ON CANADIAN PRAIRIES

C. W. Higgins, advertising agent for the Canadian National Railways, western division, who is spending a few days in the city on a business trip, is authority for the statement that the Canadian prairies this year will cut a bumper grain crop.  
"Western Canada is going to have a wonderful crop this year," stated Mr. Higgins to The Times to-day. "The grain is looking very sturdy, and a bumper crop is confidently expected all through the prairies."  
**ALASKA TOUR POPULAR**  
"The tourist business is unusually good, and we find a great demand on the part of American tourists who want to see something different each year. ## NEILL FINDS REAL ADVANCE IN EFFORT TO HALT ORIENTALS

Island Member Expects Early Change in Japanese Immigration Rules

No Orientals in New Fertilizer Plants; Fishing Licenses Again Cut

Canada is making important progress now in her efforts to halt Japanese and Chinese penetration into Canada, A. W. Neill, M.P. for Comox-Alberni and leading advocate of Oriental exclusion in the Canadian Parliament, declared on his arrival here to-day from Ottawa.

**GOOD RESULTS**  
"The Chinese immigration law passed two years ago," Mr. Neill stated, "is giving good results. A further reduction in Oriental fishing licenses was made this year, and the twenty-five per cent. reductions in Orientals employed on fishing plants on shore continue this year. Various new plants are being built this season to make pickhards into poultry food and fertilizer, and all these new plants must employ white men only. The government is carrying on negotiations towards revision of the Gentlemen's Agreement with Japan, and an announcement is expected to be made before long."

Mr. Neill does not believe that the Federal Government has decided to go to the country this year. "As to whether there will be an election or not," he said, "all I can say is that I do not know, and I do not think that anyone else, including the members of the Cabinet, knows."

**RATES LEGISLATION**  
Summing up the work of the recent session of Parliament, in which he took an extremely active part in the interests of British Columbia and particularly of Vancouver Island, Mr. Neill said:

"Possibly the most important legislation passed during the past session, so far as British Columbia is concerned, is the reference of the whole railway rates situation to the Board of Railroad Commissioners, with directions to formulate an equitable railway rate structure. This benefit to our Province will only be known when the results are announced, but we stand to gain in a greater or less degree and the elimination for the most part of the Crown Neat Pass agreement, is bound to help our prospects."

"Of equal importance is the Australian Treaty. It will be of marked benefit to the salmon industry and all industries allied thereto. It will also stimulate the paper and pulp trade, and thereby also the lumber industry. Except for their share of the prosperity which increased trade and employment will give, the treaty has small appeal to the farming element as it allows Australian butter to come in at a reduced duty."

**TRADE TREATIES**  
"Other treaties were passed with Finland and the Netherlands and a large convention was being held at Ottawa when I left, which it is hoped will result in increased markets being opened up for our products in the West Indies."

"The relief given to depositors in the Home Bank will be welcomed by those concerned, but I fear it will create an undesirable precedent, of more general importance was the relief given to soldier settlers. It had been anticipated that this would take the form of a rebate of 60 per cent. and 40 per cent. (according to date of purchase) on stock and a revaluation of the land. The Government's bill provided for a rebate of 40 per cent. and 20 per cent. respectively, on stock and no valuation on land. Even the reduced rebate involves an expenditure of \$5,000,000."

**LAND REVALUATION**  
"As for revaluation, the minister promised that his officers would look into conditions in one or two districts where the land was either exceptionally poor or had been notoriously overvalued, and I hope that the heavily timbered and high-priced land in certain parts of Vancouver Island may later get some measure of revaluation."

"Changes were made in the Dominion Election Act. The interval between nomination day and polling day is cut down from fourteen days to seven days, except in remote districts, in Comox-Alberni, Skeena, West Kootenay and Yale the period will remain at fourteen days. Elections will be shorter as it has been made possible to hold a poll forty-five days after the issuance of the writ. On an amendment introduced by myself, it was decided that the afternoon of polling day shall be a public holiday."

"The Government defeated another of my amendments, which would have prohibited any Oriental from voting in Dominion elections. This was asked for by a resolution of the British Columbia Legislature, and is the law in Provincial elections."

**ATTACKS SENATE**  
"The Senate defeated a number of bills or portions of bills passed by the Commons. We passed an act which would have stopped the system of liquor running into the States, with its attendant evils of hi-jacking, murder and general disregard of law and our friendly relations with our neighbors to the South. Mr. McBride of Cariboo and myself strongly supported it in the Commons, and it passed, but was defeated in the Senate by a vote of ten to five. So that ten old gentlemen in the Senate, responsible to no one but their party affiliations, were able to throw out and defeat the act passed by 286 members elected by the people."

**HEARING ADJOURNED**  
Vancouver, July 9.—Preliminary hearing of a manslaughter charge against Alan O. Murphy was commenced before Magistrate J. S. Jamieson in the police court here to-day but adjourned after one witness for the prosecution had been heard. Murphy was arrested after his automobile had struck and fatally injured fifteen-year-old Harold E. Howarth, a newboy, while he was crossing Hastings Street on June 15.

## A STORY WITHOUT WORDS

## POST OF GOVERNOR FOR ABD-EL-KRIM

Autonomy in Morocco Under Spanish Protectorate Offered Rifian Tribesmen

Leader is Expected to Reject French-Spanish Agreement Just Made

Paris, July 9.—France and Spain will offer Abd-el-Krim autonomy in the Rif region of Morocco under a Spanish protectorate. This is one of the principal features of the Franco-Spanish accord regarding Morocco signed in Madrid yesterday.

French officials expect Abd-el-Krim to refuse the offer because the leader of the tribesmen now opposing the French and Spanish in Morocco has repeatedly declared in the past he would not accept a Spanish protectorate.

It is understood the Franco-Spanish agreement also provides permission for French military forces to enter the Spanish Moroccan zone in pursuit of Abd-el-Krim's warriors, and for such other military operations as may be necessary.

**HUNDREDS RELEASED**  
Fez, July 9.—Several hundred native women and children being held as hostages by Abd-el-Krim's Rifians were released by the French to-day when the latter by a quick drive along the Ouergha River captured several villages from the enemy.

**STATEMENT BY PAINEVE**  
Paris, July 9.—Premier Paineve formally denied before the Chamber of Deputies to-day rumors that Taza, an important town in French Morocco, had been captured by Abd-el-Krim's attacking Rifians.

"What interests might be served by dissemination of such false reports as these I can not understand," the Premier declared when debate opened on his bill for an appropriation of 183,000,000 francs for the Moroccan operations of the French army.

**ATTACK MADE**  
Communist deputies led by Marcel Cachin opened an attack upon the Government for conducting war against the Rifians.

M. Cachin threatened the Government with the possibility of a general strike of all French factory workers to compel France to cease the Moroccan war and offer peace to Abd-el-Krim's warriors.

He described a recent secret meeting of workers from the principal

## DESTRUCTIVE STRIKE HAS BEEN AVOIDED

New York, July 9.—The threatened tieup of millions of dollars in new construction work was avoided to-day when representatives of the plasterers' and bricklayers' unions signed an agreement assuring a temporary settlement of at least of their jurisdictional dispute.

**REJECTED**—Because her sweetheart, George Henry Clay, was serving with the United States navy in Chinese waters, Miss Jackie Van Diver, twenty-two, of Oakville, Ky., went to Cincinnati clad in men's clothes and tried to enlist as a sailor. When her sex was discovered recruiting officers took up a collection to send her back home.

## SAN FRANCISCO YACHTS FINISH TAHITIAN RUN

Eloise and Shawnee, Overdue, But May Be Recalled, it is Thought

Best Time For Run to Papeete Was Made by the Mariner, Twenty Days

Papeete, Tahiti, July 9.—The yacht Idalia, captained by Dr. E. R. Parker of San Francisco in a race from that city to Papeete, arrived here at 12:45 a.m. yesterday. The Idalia was twenty-eight days out from San Francisco and finished second. The Mariner, owned by L. A. Norris of San Francisco, was first, having arrived here on July 1 at 4:12 a.m., covering the distance in twenty days.

Fears for the safety of the yacht Eloise, belonging to John S. Fiver, and the Ketch Shawnee, owned by Mark Fominia, the two yachts unheard of in the race from San Francisco to Tahiti, were allayed to-day in a statement issued by officials of the San Francisco Yacht Club. The yachts were considered overdue in the race, but club officials said the sailing craft probably had struck a dead calm and were delayed.

## CANADA'S 'FISH DAY' MAY BE MARKED AS CALENDAR HOLIDAY

Effort Now Made to Have Deputy Minister Appointed at Ottawa

Halifax, July 9.—By a resolution passed yesterday at the concluding session of the annual meeting of the Canadian Fisheries Association, the association and selected at times only a few days before, giving little more time for dealers to prepare for the additional business. The resolution adopted 7 orders that co-operation with calendar-makers be sought with a view to having the day marked in conformity with other feast days on the calendars of this country.

Another important resolution called for an application to the Department of Marine and Fisheries for the constitution of a separate department to conduct the affairs of the fisheries, with a competent man at the head as deputy minister.

## NAVAL ESTIMATES IN JAPAN TO BE CUT

Expectation is Diet Would Object to Outlay of 280,000,000 Yen in Year

Officers Are Planning New Weapons and Construction of Warships

Tokyo, July 9.—Tentative naval estimates for the coming year show a total of 280,000,000 yen, an increase in ordinary expenditure of 15,000,000 yen, and in extraordinary expenditure of 45,000,000 yen. The latter includes 10,000,000 for adopting new weapons, 8,000,000 for warship construction and 22,000,000 for auxiliary warship construction.

The estimates will probably be drastically cut before presentation to the Diet.

Victoria Times, July 9, 1900  
The street railway company intends to proceed with the work of double tracking the line from Oswego Street to the City Hall.  
The meeting of the City Council, held last night, the Mayor submitted a resolution asking the electric company to extend their system to the dock at the outer wharf for the accommodation of passengers.

### ELECTION TALK

Hamilton, Ont., July 9.—The Conservatives of the West-Central Ontario district, at their second annual meeting here yesterday, were informed by J. D. Chaplin, Federal member for Lincoln, that he had received a message from his chief in Ottawa that there would be a general election in September.

## LABORITES OPPOSE MIGRATION SCHEME

Federal and New South Wales Groups Against British-Australian Agreement

London, July 9 (Canadian Press Cable).—The London Daily Mail's correspondent in Sydney, Australia, says the recent accession of the Labor Party to power in New South Wales further imperils the prospects of acceptance of the migration agreement between Great Britain and Australia, though the Commonwealth Premier, Stanley M. Bruce, is strenuously urging its adoption by the various Australian states.

The Labor leaders generally are opposed to the plan.

The Labor Party in the Federal Parliament is also strongly opposed to the migration scheme, declaring land-hungry young Australians must be served first.

## PREMIER TO GO TO STRIKE AREA

Gloucester, N.S., July 9.—Pending the formation of the Rhodes Government, the four-months-old dispute between the British Empire Steel Corporation and its 2,000 coal mining employees is marking time.

The announcement made in Halifax last night by Premier-elect E. N. Rhodes that he would come to Cape Breton as soon as his ministry was installed has accentuated the feeling that nothing much is to be expected by way of settlement until he comes.

For several days past the situation throughout the province has been without incident.

## JUDGE KILLED IN AUTO CRASH

Jackson, Tenn., July 9.—Judge J. W. Ross of the federal court of Western Tennessee, was killed in an automobile accident to-day. Judge Ross, who yesterday was indicted in connection with the failure of the People's Savings Bank of Jackson, was killed when his automobile ran off a bridge about five miles east of Jackson and turned over in a creek, pinning him underneath.

## FIVE INJURED IN BIG STORM

Des Moines, Ia., July 9.—Five persons were injured

There'll  
come a  
moment  
when  
your feet  
must be  
seen!

That moment is close at hand. No concealing stockings, no sandals even—just bare feet. . . . You will slip into your new bathing suit and step out onto the sand. All eyes will be upon you, will appraise your stockingless legs and feet—for it is no longer the fashion to cover the feet for bathing. Are your feet well-cared for, shapely, without disfiguring blemishes? If

you have even one little corn it will be noted and remembered against you. . . . For no one need have corns. Nice people don't have them. At the first hint of one, they apply a Blue-jay plaster. It is now removing half the corns that grow. They're off because they're out. Dainty shoes may cause new corns, but a corn that Blue-jay removes is gone forever.

### SOOKE IN NEED OF MORE SCHOOL ROOM

Subject Will be Discussed at Meeting Saturday

**Special to The Times**  
Sooke, July 9.—The annual school meeting of the West Sooke ratepayers will be held Saturday, July 11. West Sooke is rated as a superior school district, it having obtained that status three years ago. The working of this system, by which grades 9 and 10 (first and second year high school) have been added on to the public school curriculum has proved so satisfactory that last year when the ratepayers voted against continuing the district's portion of its upkeep, the parents preferred to pay tuition fees sufficient to cover this deficit, rather than that the students should lose the advantage of superior school education.

The school, having outgrown its present quarters, a house very kindly loaned by Dr. Felton, the question of an additional room on the public school building will come up for discussion.

Saseenos, a new sub-division of Sooke, is desirous of obtaining a school where the primary grades at least may be taught, the residents there being of opinion that the distance to the Sooke schools is too great. The suggestion is that one public school teacher be removed to Saseenos, her quarters to be absorbed by the remaining teacher. With so many subjects of interest to be discussed a large attendance is assured.

### Colwood News

**Special to The Times**  
Colwood, July 9.—A meeting was held in the Colwood Hall last night under the auspices of the Colwood Women's Institute of the residents of the district to discuss the question of the parish cemetery. It is understood that an acre of land was granted many years ago by Mr. Alfred Peatt of Colwood, which was duly consecrated as a burial ground, but that the gift was made without any deed being drawn up. The will now be formally given to the Colwood parish, and a cemetery committee was elected consisting of Mr. C. H. Goodall, Mrs. H. Parker and Mrs. E. Peatt to look after the interests of the ground. It was decided that in future a charge will be made for all interments, and that the land is to be a burial ground, and not to be used for other purposes, to the exclusion of the next of kin of the

deceased who are already buried there.

The Rev. H. Pearson, vicar of the Colwood and Langford parishes, conducted baptismal service this morning at the Provincial Royal Jubilee Hospital, when Richard Edgar, the infant son of Mr. and Mrs. F. Osborn of Colwood, was baptized in the name of the Holy Trinity. The babe was sponsored by the Rev. H. Pearson, Mr. R. C. Sipe, Mrs. C. P. Hill, and a lovely bouquet of pink carnations graced the table containing the silver bowl of holy water, which had been lovingly prepared by the sister of the babe's mother and the nurses of the ward, for the ceremony, and which had been drawn to the bedside of the mother, where the service was conducted.

### TO SPEND MONEY ON JAIL AT NANAIMO

**Special to The Times**

Nanaimo, July 9.—At today's meeting of the Nanaimo City Council many matters were up for consideration and attended to. Mr. Graves, representing the Prudential Trust Company, owners of property on Comox Road, asked the Council to consider the recommendation made by a window in the house had been broken by a stone flying from under the wheels of an automobile. It was decided that Mr. Graves be notified that as the road was a dirt one the Council were not liable for damages. The removing of loose stones on the city roads will, however, be attended to.

Following the reading of the Chief of Police's report regarding the poor condition of the Nanaimo City Jail, and the need of a new quarters as quickly as possible, the Council in committee of the whole submitted the following report, which was received and adopted:

"Your Council in committee as the whole begs to report that we have considered the proposal to turn the rest room and public convenience, recently erected on Victoria Crescent, into a police station. We are convinced that the operation of the public convenience is too costly a proposition for the city to handle at the present time, and the present police quarters are altogether too inadequate for their purpose.

"The proposed change can be made without any expensive remodeling of the present structure. The only requirement will be providing accommodation in the lower story, in which to place the cells. This with other minor alterations, will require an expenditure of from \$1,500 to \$2,000.

"We recommend that the work necessary to make the above change be authorized and proceeded with as early as possible."

### NANAIMO FORESTERS INSTALL OFFICERS

**Special to The Times**

Nanaimo, B. C., July 9.—Court Nanaimo Foresters' Home and Court Progress A. O. F. were installed Monday night in the Foresters' Home by installing officers A. Hazenfratz and Sister Woollett.

The officers installed were as follows: Court Nanaimo—C. E. Bro. W. Beattie, P. C. R. C. Wharton, S. C. R. George Tippet; treasurer, A. Hazenfratz; secretary, Lamont Ross; S. W. J. Crellin; J. W. C. Longdon; S. L. T. Wheeler; J. B. Logan, Court Progress—C. R. Sister S. Bennett; P. C. R. M. Mawer; S. C. R. D. Jones; treasurer, T. Bulman; secretary, J. W. Douglas; S. Tippet; J. W. Sister Sheppard; S. B. Sister Lakin; J. B. Sister E. Douglas. A social evening followed.

Mrs. N. Boyd, Mrs. E. Cripps, Mrs. O. F. Randie and daughter left this afternoon on a motor trip through the interior of British Columbia and will spend a short time visiting Mr. W. H. Wall at Kamloops.

The Nanaimo Tennis Club will meet the Wellington Tennis Club in a tennis tournament to-morrow afternoon. The following players will represent Nanaimo: Rev. Bolton and Mr. Lionel Beevor-Potts. Mr. J. F. Edge-Partington and Mr. Douglas Wilton; Miss Grace Walker and Miss Lee; Miss M. Wilton and Miss M. Planta.

Mr. Watson McConnell of Sunderland, Eng., nephew of Mr. Joseph Albais Robertson, was in this city for a few days visiting Mr. and Mrs. Joseph Bradwell. Mr. McConnell is a member of the official staff of the S. S. Avonmore, at present in Vancouver.

Mrs. Henry McN. had a "tea" for an afternoon and no cream. She says she diluted a small can of Pacific Milk with the same quantity of water and was worried.

At least three of her six guests asked where she got her tea. Mrs. McN. says it was not the tea but Pacific Milk they liked and she didn't tell.

### BOARDS URGE EXPORT TAX ON SAW LOGS

Duncan Convention Favors Home Manufacture of All Logs Cut in Province

Exportation of saw logs from British Columbia should be stopped, preferably by imposition of a high export duty, the Associated Boards of Trade of Vancouver Island yesterday afternoon unanimously agreed, before terminating the annual convention at Duncan.

A special committee composed of F. Cumliffe, Nanaimo; C. P. Hill, Victoria, and W. C. Tanner, Duncan, presented an exhaustive report into conditions, which showed exportation of logs has grown from 3,000,000 feet in 1920 to 240,000,000 feet board measure in 1924.

The convention accepted the report, thanked the committee for their painstaking work and accepting the recommendation made, passed the following resolution: "That we consider it advisable to restrict the exportation of saw logs from British Columbia and that the Provincial Government be urged to withhold permission for any further exportation of saw logs."

"And that the Dominion Government be urged to impose an exportation of a reasonable time a sufficiently high export duty to insure manufacture here; and that copies of this resolution be forwarded to the members of the two governments, and all members of the Provincial Legislature and British Columbia members in the Federal House, and the Associated Boards of Trade of British Columbia and the Union of British Columbia Municipalities."

### HIGHER DUTY ASKED

Equalization of Canadian and U.S. tariffs on eggs, raising the Canadian rate from 3 cents a dozen to the U.S. rate of 8 cents a dozen, was unanimously favored. Delegates quoted figures to show that British Columbia eggs were produced when the eastern production was nominal, and that the market was destroyed by an influx of eggs from the Western United States.

### Ladysmith News

**Special to The Times**  
Ladysmith, July 9.—Work commenced this week on the grading and tar paving of a portion of First Avenue, which, when completed, will be a great improvement to that part of the city's thoroughfares, as the condition of First Avenue has been a bone of contention for some years back.

The ladies of St. Mary's parish will hold a raspberry social and apron sale on the grounds of the church on Saturday, July 11, commencing at 2 o'clock. Splendid shade trees surround the church so that a pleasant afternoon can be spent there.

Mr. and Mrs. F. Fagan and daughter of Washington state are enjoying a motor trip of the island, and are spending a few days at the "Merry Widow Camp." This part of the island's scenic views is rapidly gaining in popularity as on Sunday last the entire portion of the beach was taken up. As it has an easy access to the Island Highway it makes it easy to drop in there for a dip in the water or for picnics.

Rev. Father McCann, who has been conducting a mission in the newly opened church at Extension left for his parish in Vancouver yesterday.

Miss Joan Wetton of the Canadian Collieries (Dunsmuir) Limited staff is spending her holidays touring the island.

### Explosion Hurlled Man Into Air

Vancouver, July 9.—Hurlled into the air and striking the ground, with mutilated face and smashed teeth, Albas Robertson, was injured severely yesterday afternoon when a gallon drum of gasoline which he was working exploded at the Patterson Iron Works on Alexander Street. Robertson's clothes were torn to tatters and some were missing after the explosion. One of his shoes has not been found.

### BATTLE FOR CHILD

San Francisco, July 9.—Moves and counter-moves by opposing counsel are following in rapid succession in the legal battle of James H. Cooke, Toronto barrister, to gain the custody of his five-year-old daughter, Shirley Cooke, charges his estranged wife, Mrs. Hilda Betty Cooke, with kidnapping the child in Ontario and fleeing with her to this country. Mother and child are at liberty under bonds pending settlement of deportation proceedings.

### HEAT WAVE

Kansas City, Mo., July 9.—A furious sun beat relentlessly on Missouri and Kansas yesterday, sending the temperature in many places above the 100 mark. Reports indicate Wichita, Kansas, suffered most with 106 degrees. There were three heat prostrations here, including Ray Schmandt, first baseman of the Indianapolis American Association baseball team, who was carried from the diamond.

## MAN JUMPED IN FRONT OF ENGINE

Suicide in Quebec Province Reported; Building Workman Killed by Fall

Montreal, July 9.—A series of fatalities was reported in this district yesterday.

A man about forty-five years old jumped in front of an express train at St. Philippe de la Prairie and was cut in two. He carried papers in the Russian language on which appears the name "Langstroth."

Annie Marie Tremblay, aged five, was struck and killed by an automobile while crossing a street.

Mrs. Edward Gauthier, fifty-five, was stricken while preparing the evening meal and died in a short time.

When a scaffolding collapsed at a new building in the city, two men fell thirty feet. One of them, Armand Godbout, thirty-five, died of

this injuries. The other, J. Tremblay, thirty-six, suffered severe internal injuries.

### DIED OF BURNS

Charles Carline died in a hospital of burns sustained on June 22 in a police station. He was one of two sailors who asked for shelter in the police station at an early hour in the morning. Later, the policeman on duty was called to the cell which the two men occupied to find Carline's clothing in flames. He had ignited them while lighting his pipe.

Falling from a swing into a tub of boiling water while playing, Raymond Jean, aged four, sustained a scalding from which he died.

Joe Michaelson, twenty, and Sidney Pascal, eighteen, both of Montreal, were drowned while bathing in Lake Macacas, 105 miles from this city, last night.

Mrs. Pascal, mother of one of the victims, who was also at the resort, suffered a severe shock at the news of her son's death and is in a serious condition.

## MAN WAS DROWNED AFTER A TUSSELE

Cornwall, Ontario, Citizen Had Scuffle With Constable Watching Bootleggers

Cornwall, Ont., July 9.—Benny Stacey, twenty-eight, of Cornwall, was drowned here late yesterday, following a tussle with Provincial Constable J. A. Kenny, who had made a trip to the Cornwall Canal to watch the operations of alleged bootleggers. Stacey was in a rowboat. It is said by witnesses, and as the scuffle increased in intensity both men fell into the water. Stacey is said to have waded out until the water reached his neck. He started to swim, took a few strokes, and then sank.

## PRETTY WEDDING AT ST. BARNABAS

**Marriage of Miss Olive Berri-**  
**man to F. Cyril Holland**

A very pretty wedding was solemnized at St. Barnabas's Church on Saturday, July 4, at 8 o'clock, when Miss Olive Berriman, only daughter of Mrs. A. Boncence, 1517-Hillside Avenue, became the bride of Mr. F. Cyril Holland, eldest son of Mr. and Mrs. W. Holland of Vancouver, B.C. The service was read by Rev. Norman

The bride, who was given in marriage by her brother, Mr. Arthur Berrian, looked lovely in a gown of white satin trimmed with pearls and wore a becoming picture hat of white tulle and hair. She carried a beautiful shower bouquet of white roses and sweet peas. Her only ornament was a handsome pearl necklace, the gift of the groom. Miss Annie Baron, the bride's only attendant, looked charming in a dress of peach broche silk trimmed with silver and hat en suite. She carried a bouquet of sweet peas and snapdragon. Mr. Bernard Gough supported the groom.

After the ceremony a reception was held at the home of the bride's mother, the rooms being prettily decorated with sweet peas and roses. A dainty buffet supper was served, the table being decorated in mauve and pink and centered with a handsome

pink and white. Mr. and Mrs. Holland left on the midnight boat for Vancouver, where the honeymoon will be spent, the bride traveling in a smart brown coat heavily embroidered, over a dress of blue silk crepe and hat en suite. The bride's gift to the groom was a handsome gold watch; the groom's gift to the bridesmaid a choicer necklace of pink pearls and to the best man a leather wallet.

Among the many handsome gifts received by the young couple was a beautiful mahogany clock from the staff of the Capitol Theatre, where the bride has been employed for the past two years.

## TINPLATE AND GLASS BROUGHT BY C.C.M.M. CANADIAN FREIGHTER

Government Craft Makes  
Fine Run From Glasgow  
Via Balboa

Officers Take Advantage of  
New Fog Alarm at Shering-  
ham Point

Despite thick weather off the Cape the C.C.M.M. Canadian Freighter tied up at Ogden Point Docks at 8 a.m. to-day after a fine run from United Kingdom ports. One of the larger oil burning vessels of the Government fleet, the Canadian Freighter cleared from Glasgow on June 4, made Balboa on June 24, and came direct to Victoria without stop from the Canal zone.

Capt. E. S. Wilson is on the bridge. The Canadian Freighter had a 3,000-ton, deadweight, cargo for mainland ports and 100 tons for local discharge. Some 2,000 cases of whisky, 300 of which were put off here, a quantity of tinplate from Swansea, glass from Liverpool and a large general cargo filled her holds. Glass, chains and settlers' effects were put off here. The Freighter passed up for Vancouver after completing local discharge.

The vessel was built at the Coughlin yards, Vancouver, in 1921, and has now completed four trips in the United Kingdom service of the C.C.M.M.

Chief Officer A. S. Halliday reported some fog in the Straits. Advantage was taken of the newly installed fog alarm at Sheringham Point, of which the ship had no official notice, but which proved a valuable aid. The fog horn at this point fills a long felt want, stated Mr. Halliday. It was installed while the Canadian Freighter was outboard for the United Kingdom.

## OWNERS DECLINE TO ACCEPT AUSTRALIAN UNION AGREEMENT

Commonwealth Shipping  
Board Pact With Seamen's  
Union in Disfavor

Melbourne, July 9. (Canadian Press Cable via Reuters).—The Interstate Steamship Owners' Association declined yesterday to adhere to the agreement arrived at between the Australian Seamen's Union and the Commonwealth Shipping Board. It had been expected that the Federation would fall into line and agree to observe the award of an arbitration board with regard to wages and working conditions of sailors, but the decision was otherwise.

## ARRAN FIRTH IS BOUGHT BY FRANK WATERHOUSE FIRM

British Steamer Will be  
Turned Over on Arrival at  
Vancouver

Seattle, July 9.—Repairs to the steamship Willapa, which lost her propeller off the mouth of the Columbia River last week, will be started in drydock at the shipyard. The new wheel and tail shaft are to be installed.

Purchase of the British motorship Arran Firth in England was announced here yesterday by Frank Waterhouse & Company. The vessel will augment the fleet of the company to five ships. The Arran Firth is a steel vessel of 550 deadweight tons, and was built in South Shields in 1922. It is expected to arrive in Vancouver, B.C., from England about August 1, and will be put in Puget Sound-British Columbia trade.

## WHALING CAPTAIN INJURED WHEN BOMB EXPLODES IN NORTH

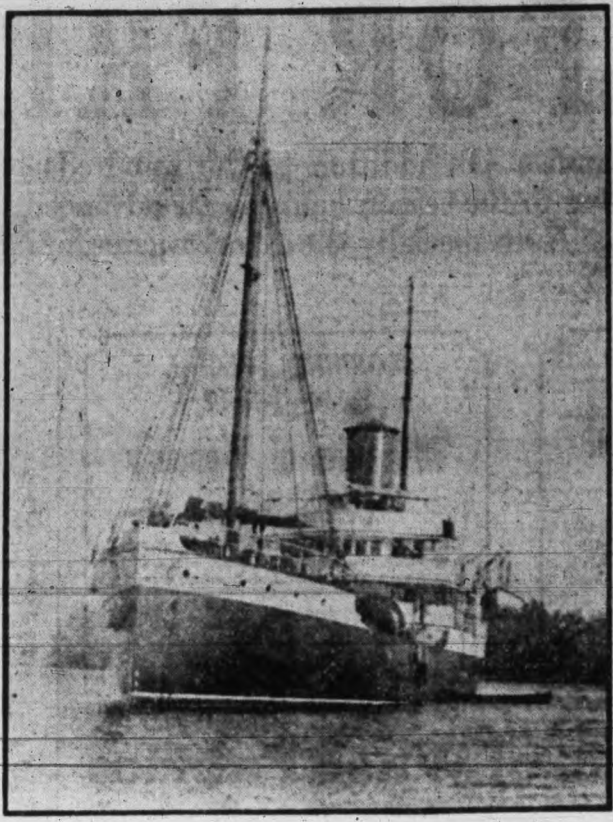

Dutch Harbor, Alaska, July 9.—Captain Fred Peterson of Seattle, employee of the North Pacific Sea Products Company, which operates from Alaska to-day in the Aleutian Archipelago, was rushed here last night with a lacerated arm, injured by the explosion of a bomb attached to a whale. The United States coastguard cutter Albatross, on patrol work near the islands, brought her physician to Dutch Harbor to treat the arm, which may have to be amputated. Captain Peterson fired a harpoon with a bomb attached to it, and the whale turned over and the bomb exploded, injuring Captain Peterson and tearing his upper clothes to shreds.

## TWO ADMIRAL LINE BOATS WILL BE AT DOCKS THIS EVENING

Southbound for San Francisco and way ports the Dorothy Alexander will clear from Victoria at 11 p.m. to-day. Every berth is sold out, and upwards of fifty passengers will embark at this port, according to W. M. Allan, agent for the Admiral line here.

The Emma Alexander, due in from San Francisco in the service of the same company, will make port at 5.30 p.m. according to a wireless received from her master this morning.

## TAKING MATERIAL FOR LIGHTHOUSE

C.G.S. Estevan, which will clear shortly for Prince Rupert with lumber and material for the rebuilding of the Cape St. James Lighthouse buildings burned out last winter. The Estevan brought the Sandheads lightship to port for repairs yesterday, and will be replaced by the C.G.S. Newington while in northern waters.

## EMPRESS LINERS ON SCHEDULE IN SPITE OF CHINESE STRIKE

Tie-up in Cargo Handling Proves Boon to Russian Im-  
migrants But is Check to Passage of Valuable Silk  
Cargoes; Japanese Replace Chinese Crews.

Despite the serious upheaval caused by the anti-foreign demonstrations at Chinese ports the C.P.R. Empress liners are all moving and handling their cargoes without material delay.

In some cases Russian immigrants who reached coastal ports in China and Japan and lacked the money to prolong their flight are taking advantage of the opportunity of working their passage on board ship to this continent. In many cases striking Chinese seamen have been replaced by Japanese.

As soon as the Empress of Russia, touched port at Kobe the Chinese members of her complement walked off the ship in sympathy with the anti-foreign strike among waterfront workers on shore. The strike has spread to the stevedores' parties and the difficulty of moving cargo under these conditions had to be met and overcome.

In a similar way the Chinese on the Empress of Asia walked out at the first opportunity and their places were filled by other nationals as occasion offered.

**VOLUME OF SILK**  
The importance of scheduled sailings may be seen from the large volume of the silk trade handled by the Empress vessels. For the month of May ships of the C.P.S.S. fleet carried a total of \$12,000,000 worth of silk.

In May \$30,000,000 worth of silk crossed the Pacific en route to New York and Eastern centres. San Francisco, Seattle and Vancouver shared in this business and the Empress boats carried over one third of the entire output.

Seattle leads Vancouver and San Francisco in the silk imports, owing to the fact that four carriers are running into that port under different flags, each bearing their quota. Owing to the speed of their passage and the through connection the Empress boats have been popular carriers in the silk business where speed is an essential item for the New York delivery of the cargo. The Empress of Canada is expected to clear to-day from Hongkong, on her scheduled time. The Empress of Asia is the only ship of the fleet running late, having sailed from Yokohama on Tuesday. Portuguese waiters, Japanese on deck and Slavs in the stokehold are in the crew that filled the places of the striking Chinese.

## UNION STEAMSHIP COMPANY HAS TWO BOATS ON WAY HERE

Ss. Catala and Ss. Cynthia  
Have Sailed From U.K.  
Points

Catala Will Arrive on Monday,  
it is Expected, and Will  
Enter Northern Run

The Ss. Catala, a new vessel for the Union Steamship Company of British Columbia is expected to arrive from the United Kingdom on Monday. She will be used in the northern run out of Vancouver, and is similar to the Ss. Cardena, with some improvements in her equipment.

The Ss. Lady Cynthia left Brisham in Devonshire on Tuesday and is expected to arrive off the coast about the middle of next month. She will be used in the day service out of Vancouver.

## HATCHERIES COSTLY HALIFAX COVENANT IS TOLD BY DELEGATE

Money Would be Better Spent  
in Advertising Sea Products,  
it is Urged

Halifax, July 9.—The feature of yesterday's session of the annual Canadian Fisheries Association convention was a discussion of the government fishery hatcheries following a paper read by A. K. Knight, chairman of the biological board. He stated that the cost of upkeep was in the vicinity of \$360,000 annually.

H. B. Shortt, Digby, N.S., believed a part of that amount might better be expended in advertising Nova Scotia fish. An expenditure of \$20,000 last year had increased the local market fifty per cent, he said, and he believed that there was no reason why the Government should not spend \$50,000 advertising home sea products when it would spend \$360,000 on game hatcheries.

J. J. Harpell, Quebec, prophesied that an advertising campaign would come voluntarily in a short time from the medical fraternity. It was believed, he said, that the prevalence of certain diseases in localities in which deep sea food was not available could and would be cured by the widening of fish markets. "The sea food available in abundance to all parts of the country in the interests of health."

## SOCIAL AND PERSONAL

Mrs. T. D. Todd returned to her home on Hollywood Crescent on Sunday after visiting her son and daughter-in-law, Mr. and Mrs. Eric Todd, in South Vancouver.

Miss Beryl Ferguson has returned to the city after a visit to Mrs. George Henderson, Kerriade.

Mrs. Borradaile and her daughter of Ganges are in Victoria on short visit, staying at the Dominion Hotel.

Mr. J. B. Jackson of Duncan is at the Dominion Hotel.

Mr. and Mrs. J. Sharp of Ladysmith have arrived at the Dominion Hotel.

The Misses Cooper have come down from their home in Parkville and are spending a short time in Victoria at the Strathcona Hotel.

Mr. F. C. Linder of Port Renfrew is at the Strathcona Hotel.

Olsen of the Circular Tours. The evening was spent singing and games around a huge bonfire. Bob Crawford contributing songs and James Fulton danced a spirited Irish jig, while a number indulged in dancing to the music. The delicious refreshments were the generous gift of Manager Martin of the hotel, who was included in the hearty vote of thanks passed by the holiday-makers to all who had assisted in the success of the outing.

**TRUSTEES SATISFIED WITH TEACHING STAFF**

No Replacements When Schools Reopen

College Students Contribute \$12,085

Indicating the satisfaction of the Victoria School Board with the present personnel of the teaching staff of the graded schools, no changes will be made when the schools reopen in September, unless unexpected resignations should be received before the end of the present month.

The cost of the college to the city last year worked out at \$69.67 per student, after deducting all contributions, such as fees and Provincial grants.

If the college were not in operation one additional year in senior matriculation class would be taken by the students attending the college at a higher cost to the taxpayers and with a lower efficiency in educational value.

**NOT RESPONSIBLE**

The board will not notify G. S. H. Johns that no responsibility could be assumed for hospital bills incurred by Ronald Johns, seven-year-old lad, returned in May by Truett Officer Edwards outside St. James Douglas School. Young Johns suffered a broken leg, and his father presented hospital bills totalling \$300.

## CANADA SENSE, RABBI FINDS

Leader of Jewish People Takes Issue With Earl Haig on European Immigration

On Tour For Canadian Clubs He Studies Conditions of Country

Completing a study of conditions across Canada, Rabbi Brickner of Toronto, noted Jewish leader of Canada, arrived here to-day and announced that the trouble with Canada is that this country is lacking in national consciousness.

"If Canada had more of a national consciousness, there would be less pessimism and more faith," the Rabbi said. "Canadians need faith in Canada, not necessarily lip faith, but faith that gets itself translated into sacrifices."

The Rabbi has made the trip across Canada at the invitation of the Canadian Clubs of Toronto and the West and the Jewish communities. He has been speaking before the Canadian clubs and the service clubs of the Western cities and giving addresses to the Jewish congregations.

"I sense as I go through Canada a lack of faith on the part of Canadians in the destiny of this country," he said. "I would like to see Canadians, Canadians as the British are British and the French are French. The time for the colonial type of mind in this country is past. Canada is no longer a mere colony of the Crown. Canada to-day is a nation independent in every respect, but tied to the Empire with ties of sentiment, tradition, history, culture and they are lasting ties. The British Empire has ceased to be a federation of Crown colonies and is in reality a commonwealth of nations."

**TAKES ISSUE WITH HAIG**

The Rabbi took issue with Earl Haig for the speech he made in Winnipeg this week in which he made an attack on the policy of this country for bringing immigrants from Central Europe instead of bringing them from the East.

"I take umbrage at the remarks of Earl Haig," the Rabbi said. "The fact is that because of the dele system, Englishmen are slow in coming to Canada, while all the time they are waiting for their quota to open so that they can come into the country. Canada is as possible coming, but this country if it is to prosper must not shut its doors to the people of Central Europe."

He said that the people who have been an important factor in making the United States the greatest nation is the immigrant.

**ASSIMILATION**

The power of assimilation in our public schools are so strong I do not lose faith in the power of Canada to absorb them. The fear of the immigrant from Central Europe was not Canadianism is a fallacy. It is true that the first generation does not often show speed or skill in assimilating itself in this country, but the second generation shows the most to much speed. The tendency in the second generation is almost too much in the other extreme, so that it does not contribute to the life of this country what it should of the best of the heritage and traditions of the immigrant.

"I have no fear of Canada not remaining British as I have faith in the supremacy of British ideals. They will stand in comparison with all others and the immigrant will welcome them."

Although he have found everybody across Canada from Halifax to the Coast admitting the need of population to take advantage of the vast opportunities for employment, other Canadians seem to stand paralyzed about doing anything to increase the population. Immigration is a matter of scientific study, as it should be, and there are many false ideas about population and unemployment. For example, there is the fallacy that the country would suffer from undue unemployment if the doors were opened to white immigration. I hold, in common with our country, that such an economic fallacy. A liberal open door immigration policy is not an economic cause of unemployment. COLUMBIA OFFERS  
HARRY CAREY IN  
"SILENT SANDERSON"

"More sympathetic and true than anything he has ever done before." That's the way Hunt Stromberg describes Harry Carey's characterization in "Silent Sanderson," his newest production, which comes to the Columbia Theatre for a three-day run to-day.

It is true that Carey, as the amiable, whimsical Joe Parsona, strikes that note of sympathetic realism which is all too infrequently registered on the screen.

The most vital thing in Joe's life is his love for his younger brother. Beyond all selfishness, it spreads its protection about the boy—striving to shield him from the evil of the world. Joe fails in this, not because his love fails, but because the world's evil is stronger than the good in one man's heart. But before he fails, he makes a sacrifice—harder than death—to save his brother's happiness. He stifles his own love for Judith Benson, so that she may marry the boy who loves her.

This lovable character has been developed with deft touches by Kate Corbaley, the author, scenarist Harry Gates, and Director Scott R. Dunlap.

The first sight of Joe—a huge bulk of a man working among his famished little herd, fighting to get water for drying cattle, caring for the young ones with all the tenderness of a woman—is enough to make whatever follows of kindness and sacrifice seem logical as life.

MUSIC NIGHT AT  
DOMINION THEATRE

To-night at the Dominion Theatre the Dominion Concert Orchestra will render a snappy and tuneful selection of dance melodies in conjunction with the screening of the super comedy "Introduce Me," starring Douglas MacLean. Among the many compositions to be played are: "Overture," "Paraphrase on Melody in F," Rubenstein, fox trot, "My Best Girl," waltz, "When You're in Love," fox trot, "Collegiate," selection, "Sometime," "Fried."

Harry Langdon in "Feet of Mud," his latest comedy-riot will also be featured by the orchestra. As an added musical specialty, Handley Wells, the popular house organist will sing "Son of Mine," by Wallace.

SHIRLEY MASON  
APPEARING HERE  
IN "THE TALKER"

Have you ever noticed that a person's intelligence may be in inverse ratio to his or her size?

Consider the case of Shirley Mason, who plays the part of the wife—credulous and young sister, Ruth, in First National's new offering, "The Talker," at the Capitol Theatre this week. Although Miss Mason is condemned by the "pettiness" of her person, to this type of girlish roles, she is far from being representative of her own personality, for "little Shirley," as she is affectionately

"MONKEY WAR" TOWN  
IS REAL MAIN STREET

Dayton, Tenn., July 9.—What manner of place is this hamlet which will become the world's intellectual centre when the prophets of a liberal Bible and the prophets of a liberal Bible are thrown to the lions on July 10?

There are certain formal statistics issued by the Dayton Progressive Club. Dayton has five churches, three banks, an Odd Fellows lodge, and boasts two highest-degred Masons. There are no Kluxers or K. C.'s in Dayton.

Dayton has a Parent-Teacher Club, a Woman's Reader Club, the Dayton Progressive Club, one movie house and the Chautauque comes every Summer.

Dayton is proud of that. It is the smallest town on the circuit which can support a Chautauque.

The French were right, too. There was a woman at the back of it all. She caused Douglas to steal another man's railway ticket and luggage and to go to Switzerland instead of Monte Carlo. It wouldn't have been so bad only the man who lost his ticket happened to be a great American mountain climber. After Douglas arrived in the Alps he had to keep up the impersonation to stay in the vicinity of the girl.

That's how he happened to get to the peak of the "mountain" in Europe and win the prize as the world's best climber. What Prize? Why, the girl, of course!

ENTIRE TOWN  
WAS BUILT FOR  
MOTION PICTURE

Some idea of the enormous work entailed in the production of a modern photograph may be conceived from the number of built sets required for "Idle Tongues," now at the Coliseum Theatre.

The picture was filmed in California and, since the scenes were laid in a typical Cape Cod village, it was necessary to virtually erect a Massachusetts town on the Pacific Coast. Included in the structures were a town hall, a courtroom, a residential street showing a dozen homes and other buildings.

Aside from the rehearsing of Percy Marmont, Doris Kenyon and other leading players, hundreds of extras had to be drilled for the riot scenes and other thrilling action of the film.

And yet there are would-be producers who still think they can make a picture on a "shoe-string."

"ENTICEMENT," AT  
PLAYHOUSE, UNIQUE  
STORY OF LOVE

On view this week at the Playhouse Theatre is one of the most extraordinary and unique love stories ever penned. It is based on the novel by Cleve Arden, "Enticement," and the universal appeal of its daring theme has made the book one of the best sellers of the year.

"Enticement" is unusual in that, while it is a story of love, it does not follow the usual formula and bring the "love at first sight" romance to a happy ending. Instead, it tends to show that many young girls do not know what real love is when that emotion first stirs their hearts, and that they allow themselves to be led into other paths, thereby sacrificing their lives on the altar of cold reason.

In this instance, the girl was frightened by the advent of love, and

ISLAND MILLS MAY  
GREATLY BENEFIT BY  
FREIGHT REDUCTION

Arbitrary Excess Levied on  
Island Lumber May be  
Waived

Probability of voluntary abolition, by the Canadian Pacific Railway, of the arbitrary excess freight charge on Vancouver Island lumber, was announced informally yesterday afternoon at the Duncan convention of the Associated Boards of Trade of Vancouver Island.

Delegates had been awaiting introduction of a resolution, sponsored by the Island Board of Trade, for the arbitrary rate, which adds from \$7 to \$10 to the freight charges on every car of island lumber, once more before the Railway Board of Canada. Inquiries addressed to the resolutions committee elicited the information that, under the circumstances of probable voluntary action in the near future by the Canadian Pacific, application of the situation by appeal to the board had been considered inadvisable.

## BEDTIME STORY

Uncle Wiggily's Camp  
Fire

Copyright, 1925, by McGraw Newspaper Syndicate  
(By Howard R. Garis)

"Woo! Woo! Woo!"

"Whoopee! Whoopee!"

"I'm an Indian I'm on the war-path! Woo!"

These were only a few of the loud and excited cries which Uncle Wiggily heard outside his hollow stump bungalow one morning.

"My goodness! What's that? Are the Indians really coming?" asked the rabbit gentleman of Nurse Jane Fuzzy Wuzzy, who was getting ready to make a lemon pie out of a dill pickle.

"Those are only some of your new rabbit boys having fun in the yard," answered the muskrat lady house-keeper.

"They are playing camping out," said Mrs. Longears. "I do wish, Wiggily, my dear," she went on to her husband, "that you would take those children adventuring with you. Skipper and Nipper and Scooter and Tooter and Tingle and Wizzle are so wild! A night spent in a real camp, such as you know how to make for them, would tame them down a bit."

"I'll do it," cried the rabbit gentleman with an extra hard twinkle of his pink nose. "I'll take the rabbit boys out to a real camp fire!"

And when Skipper and Nipper and Scooter and Tooter and the others heard about this—well, I wish you could have heard their shouts of joy! No, perhaps it is as well you didn't.

Capetown, July 9 (Canadian Press Cable).—The Hertzog Government suffered an uncomfortable reverse yesterday when the Senate rejected mines work bill, which would legalize in certain capacities in the mines and thus put a definite color bar throughout the Union.

The bill caused much opposition because of the alleged injustice and the handle such a law might give to agitators.

The adverse vote was seventeen to thirteen. It is thought Premier Hertzog will not take the defeat mildly, but will either re-draft the measure or call a joint session of the Assembly and Senate with a view to overriding the Senate's opposition by means of his majority in the Assembly.

Paris, July 9 (Canadian Press Cable).—As a result of his visit to England and his many interviews with leading men there, Premier G. H. Ferguson of Ontario reiterated his belief yesterday that the solution of the economic problems of Canada and the Empire depend upon a frank trade preference within the Empire.

He advocated a spirit of co-operation in Canada in interprovincial affairs.

The agreement between Sir Henry Thornton of the National Railway and the Ontario Government regarding the transportation of Alberta coal, he continued, was evidence of the get-together movement toward a broader national outlook tending to strengthen the Dominion economically.

The Victoria Grass Hockey Club will hold one of their popular flannel dances at the K. of C. Hall, Government Street, on Saturday, July 11, from 8.30 to 12. Heston's orchestra will supply the music.

How  
"Off-Color" Teeth  
Now are quickly restored  
to dazzling whiteness

A NEW method urged widely by leading authorities. Make this remarkable dental test. See what gleaming clearness is beneath the dingy film that clouds your teeth.

DENTAL science now proves that dull, off-color teeth are a folly; that gleaming whiteness can be obtained with but little effort. New methods, of tooth and gum beauty and protection have been found.

In a short time you can work a transformation on your teeth, can literally change your whole appearance.

Now a test is offered you—the most remarkable of all dental tests. Simply use the coupon.

It's only a dingy film

The reason your teeth look off color is that they are coated with a film and the method you now use fails to successfully remove that film. That is why, regardless of the care you take, your teeth remain dull and unattractive.

You can't see that film with your eyes. But run your tongue across your teeth and you will feel it—a viscous, slippery coating that absorbs discolorations, and clouds your teeth.

Remove it and you'll be amazed at what you find. You

probably have beautiful teeth without realizing it. Film, too, is charged with most tooth troubles. It clings to teeth, gets into crevices and stays. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea and gum trouble.

New methods remove it. And Firm the Gums

Now new methods have been embodied in a dentifrice called Pepsodent, different in formula, action and effect from any other method.

Its action is to erode film and harmlessly to remove it, then to firm the gums—no harsh grit dangerous to enamel.

Most of the sparkling, white teeth you see are due to it. Largely on dental advice, it has changed the teeth cleaning habits of the world.

Results are quick

Make the test. Then note results. Mark the gleaming whiteness it brings; the beautiful polish and luster of your teeth. Clip the coupon before you forget.

dians and do things like that!" laughed Uncle Wiggily as the fire blazed up. "Ho! Ho! Afraid in the dark! I'm ashamed of you. Come now! Be brave!"

So the little rabbit boys grew brave and were no longer afraid and their new daddy made them a fine breakfast of hot dandelion pancakes in the morning and then they went home. And after that Tooter and Scooter and the others learned to go camping by themselves and didn't shout and make their mother and Nurse Jane nervous around the bungalow.

And if the pussy doesn't scratch a hole in the screen door or let a mosquito in to bite the clock on its face, I'll tell you next about Uncle Wiggily and the proud turtle.

ONE-YEAR SENTENCE

COUNSEL DECLARES  
HE IS HAMPERED

Vancouver, July 8.—Contending New Westminster penitentiary regulations prevent him securing adequate instructions from his clients, W. R. Ross has applied to the Supreme Court for the discharge, by writ of habeas corpus, from the institution of C. C. Thompson, alias Albert T. Hollywood, and Frank de Paula, whom the lawyer argues should remain in Oakalla jail pending their appeal to the Supreme Court of Canada.

The application will be heard on July 14.

"Kruschen" need not be defined.  
It's meaning's clear to every mind.

## Legally Defined!

"Witness: He appeared to have the Kruschen feeling.  
Magistrate: What do you call the Kruschen feeling?  
Witness: He could get over all obstacles."  
—British Daily Paper.

You could hardly find a better definition of one of the most famous phrases in the English language.

To keep your eyes firmly fixed on your goal; to be determined that nothing shall prevent you from reaching it; and to feel in your bones that you're bound to get there—that's the famous "Kruschen" feeling.

You can acquire it if you join the happy band who have discovered the Kruschen Way to Health, who have proved the magical efficacy of the "little daily miracle." Not that there's really any magic about Kruschen

Salts; the analysis printed on every bottle tells you that Kruschen is a combination of just those six salts which Nature demands for the body's proper health.

And there you have the difference between "Kruschen" and such substitutes as Epsom and Glauber, which, being each a single salt only, cannot possibly do you the same good.

The morning pinch of Kruschen not only cleanses your body of all clogging waste matter; it also purifies and invigorates the blood and has a direct tonic influence on the whole system, thrilling you in every fibre with an amazing sense of vitality and splendid health. In a word, it gives you "that Kruschen feeling"—and that's something that no other preparation can do.

Get a 75c bottle at your druggist's to-day and start getting over all your difficulties to-morrow.

Tasteless in Coffee or Tea

Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily miracle that does it.

## TERMS OF NEW TRADE PACT MADE PUBLIC

Canada-West Indies Agreement to Remain in Force Twelve Years

Ottawa, July 9.—Improved steamship services and mutual tariff preferences are the features of the Canada-British West Indies-Bermuda-British Guiana-British Honduras trade agreement, the full text of which was made public here last night. The agreement, which is subject to the ratification of the Parliament of Canada, the Colonial Office in London and the Governments of the other contracting parties, is for a period of twelve years and will come into effect upon proclamation.

Canada, under the agreement, extends tariff preferences on bananas, cocoa beans, lime juice, limes, arrowroot, coconuts, grapefruit, rum, onions, cocoa butter, green coffee, ginger and spices, nutmegs, pine-apple, sugar, marine sponges and angostura bitters.

All goods other than tobacco, cigars, cigarettes and spirituous or alcoholic liquors, produced or manufactured in any of the colonies mentioned, when imported to Canada shall not at any time be subject to a tariff more than fifty per cent of the duties imposed on similar goods under the general tariff of Canada.

Jamaica, the Bahamas, British Honduras, Barbados, Trinidad and British Guiana give Canada a preference on flour, butter, cheese, lard, condensed milk, meats of all kinds, fish, apples and potatoes, boots, cement, prepared cocoa, confectionery and cordage.

### STEAMSHIP SERVICES

The agreement as signed provides for two steamship services.

There is to be a fortnightly freight, passenger and mail service from Canadian ocean ports at the year round, calling each way at Bermuda, St. Kitt's, Nevis, Antigua, Montserrat, Dominica, St. Lucia, Barbados, St. Vincent, Grenada, Tobago, Trinidad and Demerara.

The vessels in that service are to be of from 5,000 to 6,000 tons, capable of a speed of not less than twelve knots, and providing accommodation for 100 first class, thirty second class and 100 steerage passengers, and with a cold storage accommodation of not less than 10,000 cubic feet.

In addition to the foregoing, Canada will provide a fortnightly freight service with vessels of about 4,500 tons and a speed of ten knots from Eastern Canadian river ports in Summer and ocean ports in Winter, calling at St. Kitt's, Antigua, Barbados, Trinidad and Demerara. All freight rates are to be subject to the control of the Canadian Government. Toward this service the Barbados, Bermuda, British Guiana, Leeward Islands, Trinidad and Windward Islands, will contribute £29,000 annually.

### FORTNIGHTLY SERVICE

Second, the Government of Canada also undertakes to provide fortnightly mail, passenger and freight service between St. Lawrence ports in Summer and other Eastern Canadian ports in Winter, calling both ways at Bermuda and Kingston, and Jamaica, alternating with fortnightly freight services between the Canadian ports and Kingston direct.

The passenger steamships in that

service will be similar to those already mentioned in the former service, with accommodation for 100 first class passengers and refrigeration for 70,000 stems of bananas and cold storage for Canadian meats and perishable products. Each of the freight steamships shall also have a speed of ten knots and refrigeration for 50,000 stems of bananas. For that service the following annual subsidies must be paid: Bermuda, £2,000; Bahamas, £2,000; British Honduras, £2,000, and Jamaica, £12,000.

Pending the establishment of the steamship services the Canadian Government will use its best endeavors to maintain a ship every three weeks on the existing lines.

### TRADE IN BANANAS

Bananas are to be admitted free to Canada from the colonies mentioned in the agreement as against a general tariff to all other countries of 50c. a stem. The Government of Canada, however, reserves the right to inquire into any alleged combine, and if it is found a conspiracy in the matter of rates exists, the Governor-in-Council may admit imported bananas from all countries free of duty, to give the public the benefit of reasonable competition.

Cocoa beans not roasted, crushed or ground, are given a preference of \$1.50 a 100 pounds as against a \$2 general tariff; raw lime juice, concentrated, not refined, 15c. a gallon preference; fresh limes, free; arrowroot, free; coconuts, free if they come by ship direct to Canadian ports—otherwise they have a preference of 50c. a 100; grapefruit, if imported direct by ship, a preference of \$1.50 a 100 pounds; grapefruit, n.o.p. if not imported by ship direct, a preference of 50c. a 100 pounds; preferences of \$2 a gallon and 50c. a gallon on rum of specified standard; colons admitted free against a general tariff of 30 per cent; cocoa butter, free as against a general tariff 2c. a pound; green coffee, free as against a general tariff of 3c. a pound; ginger and spices, unground, free; nutmegs and mace, whole or unground, free; pineapples in airtight cans or packages, 50c. a pound; angostura bitters, \$5 a proof gallon; marine sponges, free.

### TRADE IN SUGAR

The agreement states "the customs tariff of Canada shall provide that sugar above No. 16 Dutch standard in color, when imported by a recognized sugar refiner for refining purposes only, upon evidence satisfactory to the Minister of Customs, shall not be subject to these duties, i.e., the duties on sugar more than No. 16 Dutch standard, specified in item 134 of the Canadian tariff. Provided that sugar as refined under item 134 shall receive a preference of not less than 25 per cent. of the duty charged on foreign sugar.

### FLOUR SHIPMENTS

Jamaica, the Bahamas and British Honduras grant to Canada:

1. On flour a preference of two shillings a barrel of 196 pounds.

2. A preference of not less than 50 per cent. on butter, cheese, lard, condensed milk, meats of all kinds, fish, apples and potatoes.

Barbados, Trinidad and British Guiana grant to Canada the following preferences: Two shillings a barrel of 196 pounds on flour apples, 50c. a barrel; beef, salted and pickled, \$1.50 a barrel of 200 pounds; boards, planks, shingles and lath, a preference of not less than two-thirds per cent.; butter, \$1.50 a 100 pounds; boots and shoes, a preference of not less than two-thirds per cent.; cement, two shillings per 100 pounds; cheese, \$1.50 a 100 pounds; prepared cocoa in Trinidad and British Guiana, 4c. and in Barbados, free; confectionery, not less than two-thirds per cent.; cordage, an ad valorem preference of not less than two-thirds per cent.; fish, canned, preserved, dried, salted, smoked or pickled, an ad valorem preference of not less than 66 2-3 per cent.; lard, \$1.50 a 100 pounds; condensed milk, one shilling a case of forty-eight pounds; pork, salted or pickled, \$1.50 a barrel of 200 pounds.

British Guiana grants a preference of not less than 4c. a gallon on gasoline and kerosene when refined from crude oil produced in British territory.

### EXTENSION PROMISED

The Leeward and Windward Islands undertake to use their best endeavors to have granted similar preferences to those granted by the Barbadoes, Trinidad and British Guiana.

All colonies except the Bahamas and Bermuda grant the following preferences: On brandy, gin, rum, whisky, if tested, a preference of not less than two shillings and six pence a gallon of the strength of proof; spirits, perfumed, if not tested, a preference of not less than two shillings and six pence per liquid gallon; wine, beer and ale a preference of not less than 20 per cent.

## MIGRATION PLANS ARE BEING MADE

New York, July 9 (Canadian Press).—The conference of ex-Service men of the British Empire held in Ottawa resulted in two great decisions, according to P. F. Lister, chairman of the British Legion, interviewed here yesterday. One was the establishment of a central bureau in London to supervise industrial emigration to the Dominions and colonies and the other was the promise of co-operation from the overseas units in the general migration scheme.

The chairman of the British Legion was welcomed here by officials of the American Legion and by representatives of the British ex-Service men's organization, prior to his embarkation on the liner Caronia for the United Kingdom.

Regarding the unemployment situation in Great Britain, Mr. Lister said: "We have 1,350,000 unemployed men in England, and of those 800,000 are ex-Service men. The unemployment situation, however, is not so desperate as pessimists would have you believe. Actually there are as many, if not more, men in active industry in Britain to-day as before the war, but our population has increased."

### FOURTEEN MEN FINED

Saskatoon, July 9.—Royal Canadian Mounted Police descended upon a celebration after the payment of treaty money to Indians on Nut Lake Reserve East of here and arrested fourteen white men on charges of having liquor. The fourteen paid fines ranging from \$5 to \$55. The police had suspected the 35 men to each Indian would attract liquor law violators from all parts of the surrounding district.

# An Honest Man's Word

MORE than three hundred years ago, Miguel de Cervantes said: "An honest man's word is as good as his bond." Advertisers must be honest men, if they would remain advertisers. Their announcements are signed. They must tell the truth in their advertising. For their own protection, as well as yours.

What would it profit a man to advertise "Pure, virgin-wool suits," only to have you discover they were shoddy? You would soon separate the sheep from the cotton. And you would never deal with that man again. And, further, you would tell all your acquaintances about it.

As a matter of business, if not of personal principle, an advertiser must tell the truth in his signed announcements. That's what makes the advertising columns of this paper such reliable guides to honest merchandise. The printed announcements are bonds between you and the advertiser.

Read the advertisements. Read them regularly. To be informed on the newest and best in everything. To save hours of shopping. To make the family purse do a bigger, better job. To get goods of known quality at the most attractive price.

You would not plan a motor trip without first consulting road maps and guide books. Is it logical to plan a shopping trip without first consulting the advertisements? Read the advertisements. Then go to the stores with your mind more than half made up.

A signed advertisement is, in effect, a sealed bond between you and the advertiser

Mark Revaluation Fight Forces Closing of Bourse in Berlin

Berlin, July 9.—The Bourse committee yesterday decided to close the Bourse as a protest against the decision of the revaluation committee of the Reichstag to differentiate between old and new holders of paper marks state loans, and to grant the latter revaluation of only 2 1/2 per cent compared to five per cent for old subscribers to the loans. All other German exchanges also have been closed.

The Bourse closing is taken as a political protest of the Government's delay in enacting a definite revaluation programme.

The closing is also intended to prevent the dumping of pre-war securities on the market.

THIS TELLS MUTE STORY OF ARCTIC TRAGEDY—A broken sled, a pile of human bones, scattered heaps of broken tin cans and bottles—these told the story of the ill-fated "third group" of the Stefansson expedition which wandered away when the "Karluk" jammed in the ice during the 1914 exploration trip. The place and nature of their end was revealed not long ago by a party headed by H. A. Snow, former African hunter who has just arrived in New York bringing the first pictures. It will be recalled that Stefansson and one party reached the mainland, and that the other split into two groups, one of which "broke through" and the other swallowed up by the white silence.

## NO ELECTION DECISION TILL HOLIDAY PAST

Federal Cabinet Will Make Decision in Few Weeks; Observers Are Speculating

Changes in Ministry Expected if Appeal to be Made to People in 1925

Ottawa, July 9.—Decision whether Canada will have a general election this Fall will not be reached until the Cabinet resumes business after the holidays but the more speculative inclined are offering six to four in favor of dissolution. During the two or three weeks of respite there will be a sounding out of constituencies and a general survey of the country.

All the parties have been organizing for some time past.

Prospect of a bountiful harvest, coupled with good prices, are taken as favorable to dissolution.

CABINET CHANGES

Several ministerial changes are due and should the Government decide for a general election, there will be a Cabinet reorganization, with an appeal to the country on a new slate.

A whole series of appointments remains to be filled. There are eight vacancies in the Senate, there is a vacancy on the Railway Commission, and the post of Canadian Minister in Washington, for which an appointment is made by Parliament every year, has never been filled. The retirement of Hon. P. Roy as Canadian Commissioner-General in France, has also been reported from time to time, rumor associating Hon. H. S. Beland, Minister of Soldiers' Civil Re-establishment, with this appointment should Mr. Roy actually retire.

NEW CONSTITUENCIES

When it comes, the general election will be fought on the new distribution of seats. This will increase the membership of the House from 235 to 245. British Columbia will have fourteen instead of thirteen members, Manitoba seventeen in place of fifteen, Saskatchewan twenty-one instead of sixteen, Alberta sixteen in place of twelve and Nova Scotia fourteen in place of sixteen.

RUSSIAN WOUNDED BY POLISH GUARDS

London, July 9.—Reuter's Warsaw correspondent reports twenty Russian soldiers crossed the Polish frontier near what is known as Post 504 and fired several volleys at Polish frontier guards. They were repulsed, leaving one Russian seriously wounded.

There have also been several minor attacks on other posts, but these small clashes are quite frequent, and usually without great significance.

The correspondent adds the political police have arrested more than 200 Soviet emissaries in Eastern Poland in the last few days.

TRANS-ARCTIC AIR SERVICE IS STUDIED

Moscow, July 9.—A trans-Arctic air route between Northern Europe and the Pacific coast, using dirigible balloons, is considered feasible by Soviet officials. A special committee has just reported favorably on plans presented to the Council of Commissars by Capt. Brouns of Germany, through Dr. Fridtjof Nansen, the noted Norwegian Arctic explorer.

The proposed route is from Leningrad to Alaska and Japan, by way of the Murmansk coast, Obi Bay, the Lena River and Bering Strait. The journey, it is estimated, would take seven-and-a-half days.

An experimental trip to Cape Barrow, on the Northern Alaska coast, for exploration of the Arctic Sea is planned for 1927. "This flight, it is calculated, will take fourteen days, and a special airship will be built of 100,000 cubic metres capacity."

## SCIENTIST BLAMES RAINFALL AS CAUSE OF EARTHQUAKES

Shifting of Weight of Earth's Crust Brought About by Action of Rivers

WASHINGTON, July 9.—The earthquakes that struck California and spread death and destruction through Santa Barbara, the flower city by the sea, were the direct result of ordinary matter of fact rainfalls.

All quakes can be traced directly to rain—to the balmy Spring shower or to the violent tropical downpour.

This is the startling new theory of Maj. William Bowie, chief of the geodetic division of the United States coast and geodetic survey.

Here's how he explains it.

CRUST IS BRITTLE

"The earth's crust, to a depth of about sixty miles or more, is more brittle than the substance underlying it," he says.

"It will crack under any strain, while the underlying substance will give and conform."

"The average yearly rainfall all over the earth is thirty inches. This

MAJ. WILLIAM BOWIE

means that since the beginning of the sedimentary era—the era we are now in, which began 1,500,000,000 years ago—approximately 750,000 miles of rain have fallen.

"One reason for earthquakes is that this tremendous amount of rain washes millions of tons of sediment into rivers and thus down to the sea. This means constantly increasing weight at river mouths."

"The brittle earth's crust at these points will not stand this added strain. It cracks."

TEMPERATURE RISES

"A second reason for earthquakes is that in the course of a few million years the great weight of sediment sinks into this underlying substance. Then another change takes place."

"The temperature of the earth is approximately ninety degrees Fahrenheit higher for every mile beneath the surface. This sinking mass of sediment which was originally at a comparatively low temperature becomes heated by the hot substance around and beneath it."

"This alters either its physical or chemical nature. It expands—due to the heat—and the physical forces are thrown up."

"The California earthquake is probably a by-product of the formation of the Coast range, now going on."

## U.S. LAND AGENTS ENTHUSIASTIC OVER CANADA PROSPECTS

Great Opportunities Offered on Prairies For New Settlers, They Find

Winnipeg, July 9.—Uniformly good crop conditions and up-to-date farming methods followed everywhere strongly impressed the party of twenty-one American land agents, who returned this morning from a week's tour which took them over Canadian National Railways through some of the best agricultural sections of Manitoba and Saskatchewan.

On their arrival in Winnipeg, members of the party were unanimous in their praise of the districts they had visited.

The party traveled westward under the auspices of the Colonization Department of the Canadian National

Railways, with Dan M. Johnston, Western manager, in charge. They were representatives of a local newspaper from Canada, and in every case were land agents who are in touch with large numbers of people desirous of emigrating from the United States to this country for the purpose of taking up farm lands.

Splendid crop conditions and an absence of losses from insect or other pests greeted them everywhere, according to members of the party returning this morning.

"There is little doubt," declared one of the Nebraska representatives, "that your Western prairies offer splendid opportunities in the way of good farms and good homes to thousands of United States citizens who are looking about for new fields."

The party made a tour from Winnipeg which included Wadena, Saskatchewan, Neufort, Prince Albert, Saskatoon, Brock, Estin, Kelvington and other points. So great was the enthusiasm of the land agents to see all they possibly could of Western Canada, that many of them were awake and dressed by 3 o'clock in the morning. Mr. Johnston stated. Breakfast was served every morning at 7 o'clock, and in many cases numbers of the party had breakfasted before this hour in order to miss nothing of the territory through which they were passing. Drives of from eighty to 155 miles were made on several days so that a thorough inspection of the country could be made.

MURDER STATEMENT CONTAINED IN LETTER

Winnipeg, July 9.—While John Stanton, arrested some weeks ago at an Indiana prison farm, awaits trial in the Provincial jail here, charged with the "hammer" murder of seventy-year-old John Penny, a letter has been received by a local newspaper signed as coming from the "real murderer of Penny" and declaring the police will have a hard time to find me.

The letter, bearing the initials J.B.L., or J.B.S., states: "It was me who killed John Penny. John Stanton is free from guilt. I am not scared of death, and should I hang it will not bother me at all." The police had no comment to make when shown the letter.

Penny was murdered by means of hammer blows at his home here three years ago.

PROPAGANDA NOT WANTED

Tokio, July 9.—Russia has requested diplomatic privileges for seventy commercial commissioners, but according to a Foreign office spokesman, the Government does not intend to accede to the request owing to the possibility of Bolshevik propaganda. It is even considered probable the commissioners will not be allowed to enter Japan privately.

## The autocrat of the breakfast table

Fastidious appetites of old age find delight and satisfaction in Puffed Wheat

EXACTING and fastidious is the appetite of old age. It is the autocrat of the breakfast table. It demands a food that will not tax a delicate digestive system and finds it in Puffed Wheat—the food with the flavour of nut meats.

Digestion must be made easy for old age—assimilation must be assisted in every way. Quaker Puffed Wheat performs this mission. Exploded to eight times normal size, it contains all the nourishment of the whole wheat in an easily digestible form—a balanced combination of bran, minerals and carbohydrates. All cooked, ready to serve.

Served with milk or cream, these light, wholesome grains form a dish that is delectably alluring and wholesome. A package will prove it. For variety's sake, order the packages in pairs—one of Puffed Rice and one of Puffed Wheat.

For The Children Too

Quaker Puffed Rice and Quaker Puffed Wheat are a delight to children, too. They eat them as avidly as candy, and no little stomach ever suffered from too much.
